

Testimony of

Amy Farris

Marlborough Educator

Before the

Education Committee

March 1, 2023

Good afternoon, Senator McCrory, Representative Currey, Senator Berthel, Representative McCarty, and members of the Education Committee.

I testify today in support of the caps on class sizes proposed in Senate Bill 1093, which would take an important step in ensuring that classrooms are places where students can learn, and educators can teach.

As a kindergarten teacher, I can speak first hand how essential class size guidelines are. The needs of our students are growing our class sizes should NOT be. Its nearly impossible for one teacher to meet every need of every student if the class size is above 20 what is going to happen. The gaps of our students will grow and more students will be left struggling.

Thank you for your time and consideration.
