

Testimony of

Janey Moreno

Simsbury Educator

Before the

Education Committee

March 1, 2023

Good afternoon, Senator McCrory, Representative Currey, Senator Berthel, Representative McCarty, and members of the Education Committee.

I testify today in support of the caps on class sizes proposed in Senate Bill 1093, which would take an important step in ensuring that classrooms are places where students can learn, and educators can teach.

With the students that are in front of use since the pandemic, we need more one on one time with each student as they are much needier than in the past. The smaller the class, the more time I can devote to the needs of each child.

Thank you for your time and consideration.
