

Testimony of

**Laurie Brehm**

**Greenwich Educator**

Before the

Education Committee

March 1, 2023

Good afternoon, Senator McCrory, Representative Currey, Senator Berthel, Representative McCarty, and members of the Education Committee. I testify today in support of Senate Bill 1093, which would implement caps on class sizes and take an important step in ensuring that classrooms are places where students can learn and educators can teach. Children are coming to school with more diverse needs and learning styles than ever before and a smaller class size enables all teachers to better meet the needs of all of their students. Thank you for your time and consideration.
