

Testimony of

Paul Apostalon

East Hartford Educator

Before the

Education Committee

March 1, 2023

Good afternoon, Senator McCrory, Representative Currey, Senator Berthel, Representative McCarty, and members of the Education Committee.

I testify today in support of the caps on class sizes proposed in Senate Bill 1093, which would take an important step in ensuring that classrooms are places where students can learn, and educators can teach.

Many of our students have become very teacher, dependent over the past several years. Giving adequate attention in large classes makes individualized instruction extremely difficult.

Thank you for your time and consideration.
